

Dear Mr. Yuri Osipov!

On your request we inform you that the term of patenting for the nationalization of a patent (PCT application No. 23584 of September 27, 2017) is from two to five years depending on the country. All applications to the national departments will be submitted with the Russian priority. In the countries you are interested in, patents will be effective from the date of transfer of the application to the national phase. Total fees for each country:
